News from the Director

March is coming in like a lion and we hope it plans to leave like a lamb!

In March the library has some fun activities planned for the kids on Spring Break! They can join us for those activities, Monday through Thursday that week running from 10 - 11am. I know I'm looking forward to some fun and laughter throughout the library! Also if you are checking out the library's Facebook page that week I will be challenging you to some local trivia. I hope to come up with something worthy that will amaze you about Wray.

The library will close March 29th so the Library Staff can travel to Fort Morgan for a training with other library staff from around the State. We appreciate this opportunity to network and learn new ideas to incorporate for our library and patrons.

For you history buffs, check out the Colorado Historic Newspapers at <https://www.coloradohistoricnewspapers.org>. More local newspapers have been added through our Digitization Project including; The Eckley Tribune and the Colorado Patriot. Stop in anytime if you need help on how to search these local papers.

And as always, HAPPY READING!

Shara Berghuis

SPRING BREAK

March 18-22

ADULT

Throughout the week, tune into Facebook for trivia!
