

**If We Live in the Present, Why Should We Care About the Past?  
2022 After School Program for 3rd through 6th Grade Students**

Do you enjoy putting together a puzzle or figuring out what came first? Historians use timelines to illustrate change over time, make connections between important people and events, show a large span of time, or focus on a particular interval or stretch of years. Timelines bring together many elements of history: people, places, and events. Putting all of those elements in chronological order is like putting together pieces of a historical puzzle. Join us as we explore our hometown history and how it has shaped our town today. The sessions will be held on Mondays from 3:30 to 4:30 PM. Students can register for one or all of the sessions. There is no fee for the program but pre-registration is requested.

**SCHEDULE**

- |                                       |                        |
|---------------------------------------|------------------------|
| 1. Time, Lines & Events               | — Monday, September 12 |
